Accelerated Development Program:
Finance Track
Jump Start Your Career

The Big Picture
The Accelerated Development Program: Finance Track is an immersive two-year experience during which recent college graduates complete four six-month rotations within the Finance organization to deepen their knowledge and develop expertise in disciplines including, Accounting, Financial Planning & Analysis, Internal Audit, and more. In addition to developing financial and analytical skills, ADP: Finance Track participants will complete challenging assignments, interact with Change Healthcare’s senior leaders, focus on developing key leadership skills, and have the opportunity to make an immediate impact.

Rotations
In each rotation, participants will complete an assignment within a different area of the Finance organization. The projects will be challenging and will have significant impact. At the end of each rotation, ADP: Finance Track participants will present project results and success stories to the leadership team, with a focus on individual contributions.

Development
A formal and rigorous leadership development program accompanies these action learning experiences and rotations. Areas of focused development include:
- User Experience and Design Thinking Methodology
- Six Sigma Process Excellence
- Mastering Change Management and Presenting for Results
- Discovering Emotional Intelligence and Executive Presence

The development program will also include opportunities to engage with the Finance organization’s leadership teams through book clubs, lunch n’ learns and networking events.

Group Projects
In addition to individual projects, ADP: Finance Track participants will also work as a group to explore key disciplines integral to Change Healthcare’s vision of inspiring a better healthcare system, and will apply these disciplines to the work they do every day to support leaders and teams solve business problems or identify new opportunities. Working with program managers and mentors, program participants will analyze assigned projects and provide recommendations to the leadership team.

Mentors
Most successful professionals have had mentors who have helped them advance their careers. Through participation in the ADP: Finance Track, participants will be connected with mentors over the course of the program. Each mentor will provide a different perspective regarding Change Healthcare’s initiatives, leadership, and career development.
