

Change Healthcare attests that our Clinical Exchange EHR-Lite (Clinician) product version 8.4 may require ongoing licensing fees per provider per month. These fees support and establish interfaces for reporting to immunization registries and public health agencies (170.314.f.2 and 170.314.f.3), online patient services which allow patients to view, download and transmit their health information, and secure messaging which allows patients and providers to communicate via the online portal (170.314.e.1 and 170.314.e.3). These fees are a flat license fee, have no technical, practical or contractual limitations, and apply to all the services listed above.

Capability and Certification Criteria	Description of capability	Limitations (Contractual / Business Practices)	Limitations (Technical / Practical)
<b><u>2014 Edition - Complete EHR Ambulatory</u></b> : 170.314 (a)(1-15); (b)(1-5, 7); (c)(1-3); (d)(1-9); (e)(1-3); (f)(1-3); (g)(2-4)	<b>Complete EHR Ambulatory:</b> For all capabilities required to utilize this certified product-version, including Self Attestation Reports, use of Emdeon’s Clinical Exchange EHR-Lite (Clinician) product version 8.4 is required	The EP must sign a minimum one year agreement with Change Healthcare.
