CPOE: Relevant Criteria: 170.315.(a)(1-4, 7, 8, 10, 11)	This functionality enables users to place Medication orders, Lab Orders and Imaging orders electronically.	Change Healthcare Clinical Exchange may be sold to customers with ongoing licensing fees per provider per month and may require additional fees such as, a onetime implementation fee and/or annual maintenance fee.	The EP must sign a minimum one-year agreement with Change Healthcare.	Requires internet connection.
Electronic Prescribing Relevant Criteria: 170.315.(b)(3)	Complete with drug-drug interaction checks, allergy checking and plan-specific formularies, this functionality enables a user to prescribe and route prescriptions to the pharmacy.	Change Healthcare Clinical Exchange ePrescribe is licensed to customers for a subscription fee. Subscription fees are charged per provider, on a monthly basis. Additional fees such as, a onetime implementation fee and/or annual maintenance fee may also be required.	This service has an optional add on module for electronic prescribing of controlled substances. The EPCS module has an additional per provider per month fee and a one- time setup fee.	The provider must go through a third party identity proofing process for e-Prescribing and must be credentialed at NIST Level 3 for EPCS. For EPCS, 2 Factor authentication and an app that generates a token is required.

ONC Disclaimer: “This Health IT Module is [2014/2015] Edition compliant and has been certified by an ONC-ACB in accordance with the applicable certification criteria adopted by the Secretary of Health and Human Services. This certification does not represent an endorsement by the U.S. Department of Health and Human Services.”
